

Cheap and Unreliable? OR High-Quality and Dependable?

It's your choice.

Other Power Strips

- Weak construction that often breaks or warps in extreme environments
- No circuit protection or fuse protection
- No flexibility
- Lack of variety
- Basic power output

SpecPower® Power Strips

- Rugged steel construction for maximum durability
- Utilize UL 489-listed circuit breakers for reliable circuit protection
- Our in-house design team will work with you to tailor a custom solution to fit your unique needs
- Variety of inputs and outputs which allows you to mix and match components to accommodate most power distribution needs
- Output power capabilities range from 2.40 to 22.08 KVA
